Veolia Distribúcia Slovensko, a.s. (hereinafter referred to as the “Controller”), processes and uses data to the extent stated in the Application for Connection of an Appliance to the Distribution Network (the “Application”) and in the Agreement on Connecting the Applicant’s Appliance to the Distribution Network of Veolia Distribúcia Slovensko, a.s. (the “Agreement”) for the purpose of concluding and performing the Agreement, its amendment or termination, which includes charging connection fees or other fees based on the Agreement and keeping records of receivables under the Agreement, cooperation with and rendering assistance to public authorities and other persons in accordance with the relevant generally binding legal regulations. An essential requisite of the stated purpose is the unambiguous identification of the Applicant for the purpose of fulfilling and enforcing the Applicant’s obligations under the Agreement, the proper and complete settlement of all obligations and claims under the Agreement.

Pursuant to Act No.18/2018 Coll. on the Protection of Personal Data, the Applicant is obliged to provide the Controller with the data marked as mandatory in the Application and the Agreement, namely the data necessary for achieving the purpose of their processing as defined in the previous paragraph, failing which the Controller may refuse to conclude the Agreement. The provision of other data is solely on a voluntary basis. You can find our Privacy Policy on our website www.v-es.sk.

Required annexes to the Application

The Applicant shall submit the **Application for connection to the distribution network in 2 copies** together with the following annexes (it is sufficient to submit the annexes in 1 copy):

- a copy of the deed of title or a copy of another document certifying the applicant’s legal title to the property (e.g. purchase contract, deed of gift with an application for entry into the Land Register bearing the official stamp of the competent Land Register Office),
- prior consent of the owner (divided co-ownership holder) or manager of the property concerned to the connection of the off-take gas appliance to the distribution network,
- situational drawing (extract from the cadastral map) indicating the location of the future off-take point on the parcel, including the boundaries of the parcel and the public space,
- annual natural gas off-take, minimum and maximum hourly off-take according to the actual synergy of appliances,
- a power of attorney with an officially authenticated signature of the principal – the applicant for connection (if the Application for Connection to the Distribution Network is submitted by another person on behalf of the Applicant).

Date: ..... Place: ..... Applicant’s signature: .....

By his/her signature the Applicant confirms the accuracy and truthfulness of the stated data and, at the same time, consents to the processing of his/her identification data in the filing systems of Veolia Distribúcia Slovensko, a.s.

Legend:

(*) The data shall be completed by the distribution network operator.

(1) The person authorised to possess, use and dispose of the item at his/her own discretion, independent of another person (the Deed of Title contains a co-ownership share of: 1/1).

(2) One of several persons owning the thing (the Deed of Title contains a co-ownership share other than 1/1)

(3) A person who temporarily, for valuable consideration, uses the item on the basis of a lease contract.

(4) A person representing the Applicant by virtue of a power of attorney.

(5) The data in this field is the same as the data in the summation field for maximum hourly off-take according to the synergy of use of appliances in the table “Technical Specification of the Off-take Point”
